

Dear Parent

DOES YOUR CHILD HAVE A MEDICAL CONDITION WE SHOULD KNOW ABOUT?

If your child has a medical condition please could you provide us with very clear guidelines for staff should they have to deal with an unwell child, or even more importantly, a medical emergency.

It would help us a great deal if you could take the time to complete this brief questionnaire, so that we can have the information you provide at our fingertips. This will enable us to help your child to the best of our ability should the need arise.

Please respond to the questions below as clearly and concisely as possible if your child has any kind of medical condition. Please **do** include children who have asthma. It is also really important that we have all the relevant telephone numbers i.e home number, work number, mobile number and the number of someone else who can help if we are unable to contact you personally.

Thank you.

Yours sincerely
Anne Bull
Headteacher
