Friday 23rd April 2020

Dear Abbot Alphege Children, Parents and Carers,

I just wanted to write you a short letter to introduce myself to you, now that I am at the end of my first week here at the wonderful Abbot Alphege Academy. I have started here in the most unusual of circumstances, and it is such a shame that I am unable to meet you all properly and in person. I can't wait until everyone is back at school and we can get to know each other properly.

I am utterly thrilled to be your first Head teacher, and I have great plans and ambitions for this beautiful school. I look forward to working with all of our parents and carers in partnership, to make this school even better for our children. The future is very bright!

I know that you will all be trying hard to keep things going for your children's learning at home and, children, if you are doing some learning every day – brilliant! Remember to be kind to yourselves, take time out for family activities, and get fresh air and exercise every day. Please do email any work that the children want to share to office@abbot-alphege.org.uk and I will forward this to your child's teacher (remember to mark this for their attention). The teacher will do their utmost to get back to you in good time. If you have any questions at all about the learning, either email or telephone the school (if there is no answer just leave a message and we will get back to you).

The teachers here are working hard trying to keep the home learning on our website updated, and we are coming up with new ideas all of the time to make this even better. I will communicate regularly to keep you updated about this. I hope the letter that I sent out this week helped you with this.

I have included a picture of myself at the bottom of the page so at least you know what I look like.

Stay safe and well everyone, and I very much look forward to getting to know you all in the not too distant future.

VDupras
